

# WHAT IS YOUR EMERGENCY APP-TITUDE?

## Hands-on help setting up emergency alerts and safety apps on your phone

Emergencies can happen fast. Being prepared starts with making sure your phone is set up to alert you when it matters.

This interactive workshop provides *one-on-one* assistance to help you download, set up, and understand emergency apps used in Sonoma County. Staff and volunteers will work directly with you to make sure alerts are enabled and customized for your needs.

**No technical experience required.**

JAN  
**10**  
2PM

**Northwest Santa Rosa**  
150 Coddington Center
